

Remember

Samantha Jade

Uh yea yea
Woh oh
No...

It's been 3 months and a day
Since you've pulled my heart away
Still can't believe you're gone
And so hard for me to say

Just when I feel I can't move on
I'm reminded by our song
And every line brings back memories
And slowly breaks my heart til I can't breathe

Remember when you used to love me?
When you said you couldn't live without me
And I want you back
Why you act like that?
And now all I can say...

Remember when you used to love me?
I could've sworn you said you'd never leave me
So where I belong?
What did I do wrong?
Guess that's all that's left to say

So baby, why the sudden change?
Seems like minutes til New Orleans, now it's turned to days
Wish I could forget it really, too much to erase

Oh baby, please come back to me
It shouldn't be this hard to see
Cause I'm so sick of missing memories
That slowly breaks my heart til I can't breathe

Remember when you used to love me?
When you said you couldn't live without me
And I want you back
Why you act like that?
And now all I can say...

Remember when you used to love me?
I could've sworn you said you'd never leave me
So where I belong?
What did I do wrong?
Guess that's all that's left to say

What about all the dreams we had?
Say you, this wouldn't last
I just wish you were wrong
What about baby I love you?
Telling me you'd never do
Oh won't you just come undone?

Tell me why you wanna hurt me
I don't deserve this
I thought we have everything everything

Anything anything

Do you remember?

Baby, please say you remember baby

All we were, you and me

Do you remember?

I could've sworn you said you'd never leave me

Yea, I want you back

Why you act like that?

And now all I can say...

Remember when you used to love me?

When you said you couldn't live without me

Remember when you used to love me?

I could've sworn you said you'd never leave me

So where I belong?

What did I do wrong?

Guess that's all that's left to say
