

Something Gotta Give

Samantha Jade

Something's gotta give
Something's gotta give
Something's gotta give

Something's gotta give
So let me be the first to say
I'm sorry, baby, I don't wanna fight no more
(I don't wanna fight no more)
Let's just let it go

If our friendship is real
It should be worth fighting for
So listen, girlfriend, I just wanna tell you this
Something's gotta give

I know I'm the last person that you wanna see
But girl, we need to talk right now
Somebody told you that I said some bad things about you
But you know me better than that
Why would I ever wanna hurt my best friend?
The one that swore she'd be there to the end
Why would you listen to a girl like Casey?
When she don't even like me, no

Something's gotta give
So let me be the first to say
I'm sorry, baby, I don't wanna fight no more
(I don't wanna fight no more)
Let's just let it go

If our friendship is real
It should be worth fighting for (It should be worth)
So listen, girlfriend, I just wanna tell you this
(I just wanna tell you)
Something's gotta give

I miss how we used to gossip on the phone
Talkin bout those people we don't know (don't even know)
Now I'm shoppin on the low
Remember how you helped me pick my clothes
Girl you know I'm telling you the truth (why would I lie?)
I'd never be the one to tell you
Can't we just forgive it for good?
Go back to how it was in the past

Something's gotta give
So let me be the first to say (first to say)
I'm sorry, baby, I don't wanna fight no more
(I don't wanna fight)

If our friendship is real
It should be worth fighting for (fightin for)
So listen, girlfriend, I just wanna tell you this
Something's gotta give

We was like family
Got so much history

You were my sister
Gave you my shoulders to cry on, lean on
Anytime that you wanted
You know I was there

I can't believe the thing
I could be 2-faced
Come on, you know me
Maybe we just need to sit down
Shut her up, get down
Something's gotta give yea

Something's gotta give
So let me be the first to say (I'm sorry)
I'm sorry, baby, I don't wanna fight no more (I don't wanna fight)
Let's just let it go

If our friendship is real
It should be worth fighting for (it should be worth it)
So listen, girlfriend, I just wanna tell you this (I just wanna tell you)
Something's gotta give

Something's gotta give
So let me be the first to say
I'm sorry, baby, I don't wanna fight no more
Let's just let it go

If our friendship is real
It should be worth fighting for
So listen, girlfriend, I just wanna tell you this
