Hold up, I'm on it Don't trip, get some moment Let's just be here, 'cause we're blowing Don't rush where we're going

Can happen in any day
And it will all fade away
That's the kind that we
Uh, I want your love
Just wait for it!

Don't wonder, ain't going nowhere And maybe that could last forever Let's stay here and do whatever Time doesn't matter, you're my lover!

(Ooh ooh ooh ooh oh)
Just wait for it
(Ooh ooh ooh ooh oh)

I want what you wanted
But I try to control it
'Cause I love how, how we're moving
Let's just do what we're doing

Can happen any day
And it will all fade away
That's the kind that we
Uh, I want your love
Just wait for it!

Don't wonder, ain't going nowhere And maybe that could last forever Let's stay here and do whatever Time doesn't matter, you're my lover!

(Ooh ooh ooh ooh oh oh)
Just wait for it
(Ooh ooh ooh ooh oh oh)
Can happened any day
(Ooh ooh ooh ooh oh oh)
And it will all fade away
(Ooh ooh ooh ooh oh oh)
That's the kind that we
(Ooh ooh ooh ooh oh oh)
Just wait for it!
Just wait for it!
Yeah, just wait for it!

(Ooh ooh ooh ooh oh)
Just wait for it!
(Ooh ooh ooh ooh oh oh)
Just wait for it!

Don't wonder, ain't going nowhere And maybe that could last forever Let's stay here and do whatever Time doesn't matter, you're my lover!
