

What You've Done to Me

Samantha Jade

Sometimes you get what you want
Sometimes you get what you don't
Sometimes ya, get nothing at all

And when it finally comes round
You tear it up break it down
Down till there's nothing at all

I used to be so in control
No one could ever touch me
I tell myself I never fall
And nobody would catch me

You shot your love through my defenses
And left me wide open
Feels like my feet can't touch the ground (the ground)
That's what you've done to me

I'm a rocket to the sun
I'm a heartbeat on the run
(That's what you've what you've done to me)
I'm a bullet I can fly when you kiss me I can die
(That's what you've what you've done to me, to me)
You've done to me

Sometimes you love but they don't
Sometimes they love but you won't
Sometimes ya just can't figure it out
My planet's aligned and there's no doubt in my mind, mmm

Baby, you shot your love through my defenses
And left me wide open
Feels like my feet can't touch the ground
That's what you've done to me

I'm a rocket to the sun
I'm a heartbeat on the run
(That's what you've what you've done to me)
I'm a bullet I can fly when you kiss me I can die
(That's what you've what you've done to me) yeah, done to me
Uh~hu~uh~hu, yeah, done to me

I'm a rocket to the sun
I'm a heartbeat on the run
(That's what you've what you've done to me)
You've done to me
