

# Whatever I Can

Samantha Jade

I used to believe in being alone  
Never though no one was out there  
But you gave me a reason  
To understand  
Changed all my plans  
And you're my world now

I promise you  
All that I am  
I'll be your hero  
Whenever I can  
Don't hesitate  
Just call my name  
And I'll do  
Whatever I can

If time should stand still, I'll be alright  
You're the only one I need here  
Cause you kept on tryin'  
In spite of me  
I finally see that you're my world now

I promise you  
All that I am  
I'll be your hero  
Whenever I can  
Don't hesitate  
Just call my name  
And I'll do  
Whatever I can

Whatever I can  
Mmm

You changed all my plans  
And you're my world now

I promise you  
All that I am  
I'll be your hero  
Whenever I can  
Don't hesitate  
Just call my name  
And I'll do  
Whatever I can

Don't hesitate  
Just call my name  
And I'll do  
Whatever I can

Whatever I can
