

## Deep Surprise

Samantha James

Take me on a ride inside your heart tonight  
Just you and me,  
Take me to live inside the truth.

Sugar, I wanna taste the way you feel inside  
All through the night  
Forget about the time just close your eyes

Sugar, always though  
My heart, it breaks, baby  
Oh, let me be the one to come alive  
Let me just be such a deep surprise

As the world you know begins to cry  
Some might just let it be  
If you wanna grow it all must die

Sugar, we can come alive inside your dreams tonight  
Live to believe  
You are the only one for me

Sugar, always though  
My heart, it breaks, baby  
Oh, let me be the one to come alive  
Let me just be such a deep surprise
