

## Still Amazed

## Same Difference

Now we are here at the end of the road  
I guess that it's time to just let it go  
We could have tried this  
We could have tried that  
We could try to resist  
But there's no turning back

I guess we grew apart  
Neither one of us to blame  
Nothing ever stays the same

I'm still amazed  
By the memories  
That can't be erased  
By the sunshine the happy days  
When I look into your eyes  
It all comes back to me  
Keep thinking about the way it used to be

You always taught me  
Right from Wrong  
To celebrate love in every song  
The ups and the downs  
The ins and the outs  
To be sure of our love  
Without a doubt

I guess we grew apart  
Neither one of us to blame  
Nothing ever stays the same

I'm still amazed  
By the memories  
That can't be erased  
By the sunshine the happy days  
When I look into your eyes  
It all comes back to me  
Keep thinking about the way it used to be

How can I forget  
The things we used to do  
In a way I'll always love you
