

## Just A Girl

Sámer Issa

You walkin' out the door - I'M NOT,  
a man that beg for more - BUT U GOT,  
my head in the clouds.  
And you wanna leave me now.

Love had a surprise - WHEN I.  
When I looked into your eyes - GOT TRICKED,  
by all your lies.  
You wanna bring me down.  
You just a girl. You just a girl.

When you lying in my bed - WHEN YOU.  
When you going through my head - I'M DOING.  
I'm doing all you said.  
Your dreaming now.

You stab me in my back - MY BACK.  
By falling in the sack - SACK.  
And you only use love,  
to antagonize.

Her name was Patty.  
The girl was kinda catty.  
She had a way of calling me daddy.

Early oneday she called me up on the phone.  
She was in luck because a player was home.  
I picked up the phone.  
She was moaning and groaning.  
I said hello baby was going on.  
She said can you come over today.  
I said hell yeah baby right away.

Now I'm moving.  
On 24's cruisin.  
Turn the corner yall.  
The box boomin.  
Thinkin bout Pat the way she swings.  
Catty Patty was a sure thing.  
She had an ass made by design.  
Man I seen it.  
This girl was made for love.  
And I mean it.  
And like a child does with his baby sitter.  
I was going to have a fit if I cant.  
Get with her.  
I reach Patty's home.  
Rung the bell.  
She wasn't home!

You just a girl.
