

# All Hell

Samhain

Walls start closing in around you  
My twins of evil  
They shake you by the collarbone  
Then snap your ribcage

And broken bodies in a death rock dance hall  
Please be my partner  
And eyeballs pop, accelerated blood beat  
Veins 'a' shaking

And all Hell breaks loose  
Yea, evil is as evil does and who  
Yeah, who but me could write this book of cruel

I send my murdergram to all the monster kids  
It comes right back to me  
And it's signed in their daddys' blood

And all Hell breaks loose  
And my heart is breakin' loose  
Yea, my whole world's breakin' loose  
Yea, evil is as evil does and who  
Yea, my whole world's breakin'

I send my murdergram to all the monster kids  
It comes right back to me  
And it's signed in their daddys' blood  
And broken bodies in a death rock dance hall  
Please be my partner  
And eyeballs pop, accelerated blood beat  
Veins 'a' shaking

And all Hell breaks loose  
And my heart is breakin' loose  
Yea, my whole world's breakin' loose  
Yea, evil is as evil does and who  
Yea, my whole world's breakin' loose

Breakin' loose, breakin' loose, breakin' loose  
Whole world's breakin' loose, breakin' loose  
Whole world's breakin' loose, breakin' loose  
Breakin' loose, breakin' loose, breakin' loose  
Breakin' loose, breakin' loose, breakin' loose

All my hell's breakin' loose
