All Hell

Samhain

Walls start closing in around you My twins of evil They shake you by the collarbone Then snap your ribcage

And broken bodies in a death rock dance hall Please be my partner And eyeballs pop, accelerated blood beat Veins 'a' shaking

And all Hell breaks loose Yea, evil is as evil does and who Yeah, who but me could write this book of cruel

I send my murdergram to all the monster kids It comes right back to me And it's signed in their daddys' blood

And all Hell breaks loose And my heart is breakin' loose Yea, my whole world's breakin' loose Yea, evil is as evil does and who Yea, my whole world's breakin'

I send my murdergram to all the monster kids It comes right back to me And it's signed in their daddys' blood And broken bodies in a death rock dance hall Please be my partner And eyeballs pop, accelerated blood beat Veins 'a' shaking

And all Hell breaks loose And my heart is breakin' loose Yea, my whole world's breakin' loose Yea, evil is as evil does and who Yea, my whole world's breakin' loose

Breakin' loose, breakin' loose, breakin' loose Whole world's breakin' loose, breakin' loose Whole world's breakin' loose, breakin' loose Breakin' loose, breakin' loose, breakin' loose Breakin' loose, breakin' loose, breakin' loose

All my hell's breakin' loose
