

Moribund

Samhain

Moribund, moribund, moribund
Yeah, you're waiting, yeah you're waiting

Inside this bloody world you wait
Goddamn in it
This breath that gives no life to you
God damn you [got to go in]

Moribund, moribund, moribund, moribund

What's set in play
What is done cannot be undone
You don't wonder what you done
Outside of life it can't be undone
(What's set in play can't be undone)
What's set in play
What is done cannot be undone
You don't wonder what you done
Outside of life it can't be undone

You're waiting, you're waiting

Into the blessed throws you give (to me)
(You) goddamn mean it
Outside this bloody world you ran to hell
(The breath that gives no life you gave to me)

Moribund, moribund, moribund, moribund
Moribund, moribund, moribund, moribund
