

## Night Chill

Samhain

Your pain is nothing dreamed  
All pain is one  
Your birth among the mind  
It leaves such a lesion  
Do you really want love  
Do you really care  
You feel this hungry suffering  
In this birthing  
Birthing, your end is birthing like a child  
Birthing, your end is birthing, open wide  
In life as it is in death  
All pain is one  
In death as it is in birth  
Pain cures hesitation  
Do you really want love  
Do you really care  
You feel this hungry suffering  
In this birthing  
Birthing, your end is birthing like a child  
Birthing, the end is birthing, open wide  
Birthing, the end is birthing like a child  
Birthing, the end is birthing, open wide  
This pain is nothing dreamed  
All pain is one  
This birth among the dead  
It brings nothing evil  
Do you really want love  
Do you really care  
You feel this hungry suffering  
In this birthing  
Birthing, the end is birthing like a child  
Birthing, the end is birthing, open wide  
Birthing, the end is birthing like a child  
Birthing, the end is birthing, open wide
