

## Make Me Strong

Sami Yusuf

I know I'm waiting  
Waiting for something  
Something to happen to me  
But this waiting comes with  
Trials and challenges  
Nothing in life is free  
I wish that somehow  
You'd tell me out aloud  
That on that day I'll be ok  
But we'll never know cause  
That's not the way it works  
Help me find my way

My Lord show me right from wrong  
Give me light make me strong  
I know the road is long  
Make me strong  
Sometimes it just gets too much  
I feel that I've lost touch  
I know the road is long  
Make me strong

I know I'm waiting  
Yearning for something  
Something known only to me  
This waiting comes with  
Trials and challenges  
Life is one mystery  
I wish that somehow  
You'd tell me out aloud  
That on that day you'll forgive me  
But we'll never know cause  
That's not the way it works  
I beg for your mercy

My Lord show me right from wrong  
Give me light make me strong  
I know the road is long  
Make me strong  
Sometimes it just gets too much  
I feel that I've lost touch  
I know the road is long  
Make me strong
