

# The Source

Sami Yusuf

Dhul-jalaali wa al-ikraam, saiyyd al-akwan, howa-al-mannan  
The most majestic and most bountiful, master of the universe, the most gracious

Inna li rabban adheem, laiyysa li rabbun siwah, howa-al-rahman  
My lord is truly great, there is no god but him, he is the most merciful

You are the source of all power  
My need in my darkest hour  
My lord  
Your light and love all I seek  
Nothing more I'd ever want or need  
My lord  
Protect me from dishonour  
Grant me faith to be stronger  
My lord

Dhul-jalaali wa al-ikraam, saiyyd al-akwan, howa-al-mannan  
The most majestic and most bountiful, master of the universe, the most gracious

Inna li rabban adheem, laiyysa li rabbun siwah, howa-al-rahman  
My lord is truly great, there is no god but him, he is the most merciful

You are the source of all mercy  
Infinite light for all to see  
My lord  
Some claim to represent you  
But everything they do is so far away from you  
My lord  
Help us to know you better  
Help us love one another  
My lord

Dhul-jalaali wa al-ikraam, saiyyd al-akwan, howa-al-mannan  
The most majestic and most bountiful, master of the universe, the most gracious

Inna li rabban adheem, laiyysa li rabbun siwah, howa-al-rahman  
My lord is truly great, there is no god but him, he is the most merciful

Kam yu'ani qalbi  
How much my heart suffers

Lakin ma'i rabbi  
But my lord is with me

Ilahi, rahman  
My lord, the source of mercy

Anta noor al-aman  
You are the light of safety

I know some doors you may close  
But this is how life's story goes  
You are my guide, the source of light  
My lord

Dhul-jalaali wa al-ikraam, saiyyd al-akwan, howa-al-mannan  
The most majestic and most bountiful, master of the universe, the most gracious

Inna li rabban adheem, laiyysa li rabbun siwah, howa-al-rahman  
My lord is truly great, there is no god but him, he is the most merciful
