If I could be anywhere and feel at home
And be without anyone without feeling alone
And do anything knowing it's all right
I'll keep you in mind
Don't want to spend my time looking ahead or back
It keeps me busy just wondering where the hell I'm at
I don't want to talk because I don't want to argue
It'll just confuse me anyway
I've got my reasons for not being understanding
And saying all the fucked up things I say
I've been holding back the motion in my mind for so long
I can't always tell when something has gone wrong
If things get simple now I'd probably lose my mind
Little girl you're so afraid
No matter what I say you don't believe me
