

Get It Right

Samiam

Why would I ever consider
Letting myself get wrapped up again with you
I spent more than just my time
Begging you to stop the fucked up things you do
Before I gave up on you

But we'll get it right
We'll get it right
This time
We'll get it right
We'll get it right
We'll get it right
This time

You don't want me telling people
What went down before you got your head on straight
When they see you with me now
They look at you as if they know
Must have found out anyway

But we'll get it right
We'll get it right
This time
We'll get it right
Get it right
Get it right
This time

Think it's worth another try
Starting over don't seem possible to me
We'd only be continuing
Continuing with more of the same
Just more of the same

But we'll get it right
Get it right
Get it right
This time
We'll get it right
Get it right
Get it right
This time
