

## How Would You Know

Samiam

Of course I understand the way he feels, I feel the same  
And you should know you're the one who made me feel that  
way

The assorted kinds of hell that you have put me through  
Have made me an expert of feeling like a fool

Why would trouble like you ever be concerned  
Talking about a body being mistreated  
Coming from you it sounds absurd  
How would you know how it feels?

Reminding me of times you won't let me forget  
I see you're getting excited, keep it up and you're gonna  
regret it
