My Eyes

Samiam

In my eyes, in my eyes
In my eyes, in my eyes
In my eyes, in my eyes

I wonder what you would see if you looked into my eyes
Aggravation, insecurity that I'm holdin' deep inside
I wonder what you would see if you looked into my face

What? Look into my face, see what?
What's grinding in my mind, see what?
What's grinding in my mind is in my eyes
What's grinding in my mind is in my eyes

If it's in my mind, it's in my eyes
If it's in my mind, it's in my mind
If it's in my eyes, it's in my eyes
My mind, my eyes, my eyes

I wonder what you would see if you looked into my eyes
Aggravation, insecurity that I'm holding deep inside
I wonder what you would see if you looked into my face

What? Look into my face, see what?
What's grinding in my mind is in my eyes
What's grinding in my mind is in my eyes
What's grinding in my mind is in my eyes

If it's in my mind, it's in my eyes
If it's in my mind, it's in my eyes
My mind, my eyes, yeah
