

Simple Solution

Samiam

Circles around you, they're like walls
You're safely grounded in the center
You don't need to look outside
You couldn't if you tried

Time goes by lie after lie
The walls are growing larger
You're getting smaller

Isolated
It's too comfortable to leave
In your circle spinning round and round
You've locked yourself inside

Time goes by, lie after lie
The walls are growing larger
You're getting smaller

You keep spinning round and round
You keep spinning round and round
Turn yourself inside out

Inside out
Inside out

Time goes by, lie after lie
Time goes by, lie after lie
The walls are growing larger
You're getting smaller

You keep spinning round and round
