

## Sympathy

Samiam

I wish I could be a part of your sadness  
I wish I could cry for you  
I hate to think of what you are going through  
But, I've never known, I can't even sympathize

I can't even sympathize  
I can't even sympathize  
I can't even sympathize  
I can't even sympathize

As I imitate your mood  
I feel so callous, so hard inside  
Because my eyes are dry  
Because my eyes are dry  
I feel so hard inside

And I can't even sympathize  
I can't even sympathize  
I can't even sympathize  
I can't even sympathize

I just hope that it will be okay along the way  
I just hope that it will be okay along the way
