

# I Can't

Sammie

I had a good girl, but I did her bad  
Now I'm thinkin how, I can get her back  
She was my best friend, and I love her so  
Hey... Listen  
And it's killin me, to ever think that I,  
Would ever loose my pretty baby to some other guy  
Can't nobody love you like I do  
I'll do anything to get wit you girl

It's like a sun without shine baby  
It's like a clock that don't tell time baby  
No matter how I try baby  
I can't I can't  
You're the air that I breath baby  
You're everything I need  
Baby without you I'm so incomplete baby  
I can't I can't

It's been 3 months 2 weeks since i felt your touch  
And a brotha can't eat can't sleep cuz i miss you so much  
Somebody take this weight off my shoulder  
Baby I juss wanna hold ya  
It gets hard without you in it if you aint on my team then i know i aint winnin

Remember when we first started holdin hands we couldn't let go  
And now that we're seperated baby i'm loosin control  
I'm starin at this dead end street my lady dont know which way to go  
i'm missin your mind your body your spirit baby girl and your soul
