

Make Pretend

Sammie

Ooooh ooh ooh
Ooooh ooh ooh

Babe I've been on the road and
You've been so alone and
I know I have been making you wait
That's the rules of the game
That we chose to play
But don't you give my loving away-ay-ay

Girl I got a game for ya
Tell me do you want to play-ay-ay?
Is call make pretend
Let's begin

Girl grab your pillow, pillow
Pretend it's me and hold me tight
Now take your hands slow-ly
And move low
You know what I'm getting at tonight
Girl, let's make pretend that it's me that is in ya
I'm your distant lover
Grind on all these covers
Let's make pretend that it's me that is in ya
Do me like no other tonight

Girl, by the way you breathing
I can tell you feining
You got every reason
Girl, I'm talking to you dirty
You can be my waitress
Baby take my order
Serve me, serve me, serve me all day-ay-ay

Girl I got a game for ya
Tell me do you want to play?
Is call make pretend
Let's begin

Girl grab your pillow, pillow
Pretend it's me and hold me tight
Now take your hands slow-ly
And move low
You know what I'm getting at tonight
Girl, let's make pretend that it's me that is in ya
I'm your distant lover
Grind on all these covers
Let's make pretend that it's me that is in ya
Do me like no other tonight
