

Old Thing Back

Sammie

I'm standing here looking in the Mirror
Cause I don't recognize just who I've become
And I was supposed to be your super hero
Now I'm the cloud that's blocking your sun
Cause I've done made you cry girl countless times
Been messing round with girls telling plenty lies
But I'm fridged and I'm ice cold inside
What I'm tryna say is

I want that old thing back Shawty if you listening baby girl I'
m talking to you
I want that old thing my better half is missing
I'm not playing and ill hang up my shoes
Because the longer I take time is running so girl I'm on my way
girl I'm coming
I want that old thing back I want that old things back that tha
t that that old thing back.

Member how we made plans for our future
A house a dog a kid or two what a life
Its like I shot a bullet right threw ya
Gave you excuses meant to abuse and all the lies
Baby I'm on a Playa rain and I'm going down
And I'm soul searching daily and I'm tryna be found
I did you wrong and left your heart on the ground
What I'm tryna say is

Okay here I am I'm in the open and
You are broken from the hurt I've caused
Shawty please come back
I know I did you bad
And your hearts on pause
But if you can believe in me
The way that I believed in us
I promise I'll go back to the man you used to love
I'll go back to the man I was
What I'm tryna say is

I want that old thing back Shawty if you listening baby girl I'
m talking to you
I want that old thing my better half is missing
I'm not playing and ill hang up my shoes
Because the longer I take time is running so girl I'm on my way
girl I'm coming
I want that old thing back I want that old things back that tha
t that that old thing back.
