

## Put It In

Sammie

Come into my world, girl,  
There's something that I wanna show you.  
Relax your mind tonight, open up, I wanna explore you.

Girl, I'm gonna lick you like you're my favorite candy  
And I'm gonna make you scream like you were asking for that.  
And once I taste your cream I know that your body's ready  
So grab me close, put me inside.

Put, put, put it in, put, put, put it in, put, put, put it in,  
Put, put, put me in, put, put, put me in,  
Into your love, love, love.

I feel you shaking, baby,  
It's cool, it's tight, if you love, I'll reach you.

I'm lying in your body,  
Don't be shy, baby,  
Girl, don't way back.

Girl, I'm gonna lick you like you're my favorite candy  
And I'm gonna make you scream like you were asking for that.  
And once I taste your cream I know that your body's ready  
So grab me close, put me inside.

Put, put, put it in, put, put, put it in, put, put, put it in,  
Put, put, put me in, put, put, put me in,  
Into your love, love, love.

Put, put, put me in, put, put, put me in,  
Into your love.

Girl, you're looking fine yourself,  
And I'll be fucking with you all night, right?  
Now we're at the spot, baby,  
And I'm rubbing on you anytime.  
Yeah, and I bet I won't listen  
I love the way you bite your lip anytime I kiss it  
Peanut butter skin, chocolate size dripping  
Tastes like a receipt cup anytime I lick it  
Take you out the shower on a tub I was sit in  
Lady from the back like a nigga on a mission  
She said she's super wet, baby boy, come and get it,  
The only thing I'm thinking about it's how I'm gonna kill it.  
Told her, put me in the game, coach, I can head it,  
You would think I'm cold either way a nigga finish.  
Stand, and the nigga's still pimping  
And all my baby tell me is boy, come and put it in.

Put, put, put it in, put, put, put it in, put, put, put it in,  
Put, put, put me in, put, put, put me in,  
Into your love.
