All Night Longer

Sammy Adams

In Vegas, yeah I drink Jäger
Throw bangers get serenaded by ladies basically naked
It's crazy this life I take it, yeah
Everybody notice white girls drink Vodka Sodas
Jack and cokes will get you open
Tequila shots are the dopest and I love it
The way you look so fine when I'm faded on my ten gin and tonic
But keep on getting persuaded that I wanna crack a Jameson
Invite all your lady friends
Tell that bartender serve a mothafuckin' round again

Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
(Cause I do this every night)
I wanna do this every night
(I wanna do this every night)
A couple rounds going down like water
I wanna go all night longer

Negronis for all my homies
Titos and chasers only
Whiskey straight for the lonelies
Tequilas, red wine and Stolies
Yeah I mix it, yeah I mix it
Have some beers before this liquor
Now I'm shit-faced at the bar
Well my game's never been sicker
Shoot whiskey like a cowboy
Both guns go off then we wild boys
Got a light skinned girl, sit tall boys
Jump around, get loud make some mad noise
Gun natty lights like a college kid
So many girls, come and grab one bitch
Toast to the bars, toast to the broads
Ha! No wonder why you love this shit

Tell that bartender make that motherfucker stronger
I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
(Cause I do this every night)
I wanna do this every night
(I wanna do this every night)
A couple rounds going down like water
I wanna go all night longer

My game's never been sicker
And I love it
And I love it
And I love it
And I love it

Tell that bartender make that motherfucker stronger

I wanna go all night longer
A couple rounds going down like water
I wanna go all night longer
Cause I do this every night
(Cause I do this every night)
I wanna do this every night
(I wanna do this every night)
A couple rounds going down like water
I wanna go all night longer
