

Living The Dream

Sammy Adams

Come down off this high that I'm on
it's nothing but the best feeling now that I'm
accomplished
I'm doin' me, I'm just living the dream, I'm just
living the dream
Will I ever come down off this high that I'm on
It's nothing but the best feeling now that I'm
accomplished
I'm doing me, I'm just living the dream, I'm just
living the dream,

If you had no GPS
slow down girl, baby steps
Calling to the stage in 80's babies always looking
fresh
And know I go go
harder than you know
so at the end of the road
yup, it's really not a contest
sipping on red wine, boom we go [?], presidential suite
I got my girl to the room, we go elsewhere
Life went from moving slow to cameras filming my moves
at the bar to the studio

Will I ever come down off this high that I'm on
It's nothing but the best feeling now that I'm
accomplished
I'm doin' me, I'm just living the dream I'm just living
the dream
Will I ever come down off this high that I'm on
it's nothing but the best feeling now that I'm
accomplished
I'm doing me, I'm just living the dream I'm just living
the dream

I took a chance I wasn't giving
hated on before they listened
Crossed the game, no religion
radio, no still ain't spilling
But every bill I'm spending
has a mean, so it just ended,
Oh they think that this man's pretending
Bad news, sam's relentless
and when that base hits
basshead get facelifts
I could care less about being high to getting famous
I go go go go hard on every joint though
harder than the artist I look up to like a big bro,

Will I ever come down off this high that I'm on
It's nothing but the best feeling now that I'm
accomplished
I'm doin' me, I'm just living the dream I'm just living
the dream
Will I ever come down off this high that I'm on
it's nothing but the best feeling now that I'm
accomplished

I'm doing me, I'm just living the dream I'm just living
the dream

Oh yeah, dreams do come true, look at my story, see my
life - I'm living,
Cause if you ain't, you dyin', sammy adams, matty
trump, first mother fuckin' round, yeah,
L.A. to Boston, we do it, it's that new - electro-rap,
that's who they ready for
