

# Undefeated

Sammy Adams

And you know we on top now-ow  
Livin' that li-ife, doin' it ri-ight  
Feel so undefeated-feated-feated  
Feel so undefeated-feated-feated

And I'm clearly up on the top now  
And we ain't goin' any time soon no oh  
I feel so undefeated-feated-feated  
Feel undefeated-feated-feated

I wish I was a saint, I wish I was a prince  
But I thought about my sins, I ain't thought about it  
since  
They thought that I fell off, just be rackin' off these  
wins  
Now they callin' me so fool, there's no room to armor  
it  
And the music's getting good, getting louder every  
summer  
Tell those ones that now we need more booze,  
motherfucker  
Better move, motherfucker  
When you lose, you a sucker, only then  
OKC is what I'm reppin' to the end  
And they try to put me under but I barely stay afloat  
When that Judas made the team and a lil bit of ho  
That's no joke  
Yea, help nope, I got none  
Too late, please just stop son  
I saw dreams, and copped one  
And I live, this is awesome  
Hopin' to make a killin', get at me, get at me  
With my gang and all my fans and we rappin, we rappin'  
Well actually, you really gotta see it to believe it  
Same reason that we still undefeated, you a shit

And you know we on top now-ow  
Livin' that li-ife, doin' it ri-ight  
Feel so undefeated-feated-feated  
Feel so undefeated-feated-feated

And I'm clearly up on the top now  
And we ain't goin' any time soon no oh  
I feel so undefeated-feated-feated  
Feel undefeated-feated-feated

So I stopped making hits yup and I started writing  
history  
And since I've got the taste of it, been hungry for  
some victories  
All the hype and fame, they try to play you, they do  
shit to me  
So I came out of scade and blazing  
And the music's getting good, getting hotter every  
summer  
Don't leave your girl around us cuz somebody'd probly  
fuck 'er

I stayed in rodenems and some calm guard chuckers,  
straight wins  
OKC is what I'm reppin' like the Thunder  
Ok, ok, ok  
Same crap that Josh dropped to make these people wonder  
why the hell he sell that shows from fall into the  
summer  
Yo pretty motherfucker, the story you couldn't cover  
The homie you didn't discover, that homie's on every  
cover  
I got the youth and my title is the leader  
The man about playin' QB and I'm just a wide receiver  
I told 'em once I had the legs to believe it  
Main reason that we still undefeated, you a shit

And you know we on top now-ow  
Livin' that li-ife, doin' it ri-ight  
Feel so undefeated-feated-feated  
Feel so undefeated-feated-feated

And I'm clearly up on the top now

I feel so undefeated-feated-feated  
Feel undefeated-feated-feated..
