

# All American

Sammy Hagar

Yeah, you know my, my blood is red  
And blue, child my skin is pure white, yeah  
And I, I don't pull no punches  
If some fool wants to fight

'Cause the kid ain't afraid, no to get up and make a stand  
Oh, no, no  
For love or money, I get it any way I can  
You know I will

I'm a all American boy  
All American man  
Yeah, yes I am  
I'm just a all American boy  
Baby, I-I-I'm an American man  
That's what what I am

And I love decadent women, give me a, a European car  
'Cause you know I love baby, a-bein' a star, yeah I do  
Alright  
Ooh, star-spangled guitar

I got a big one for my lady  
Tell me, is that too hard to understand?  
Oh, I thought so baby  
From New York to Memphis  
I got a hundred million supermen  
Oh, that's what I am

I'm a all American boy  
Baby, I'm American m-m-m-man, well yes I am  
I'm a all American boy  
I'm your Uncle Sam  
Well that's who I am  
Yes, we're all American boys  
We're an American band

Oh yea  
Oh, U.S. that's us, American man  
I say the USA, well that's okay  
American way, huh  
Well love it, leave it, believe it baby  
'Cause I'm your Uncle Sam, yeah
