Don't fight it

Sammy Hagar

Oh there you sit, all by yourself
Everybody's dancin', they can't help themselves
The music's much too strong, you can't hold out long, alright
So get on up, don't fight it
You got to feel it, feel it, yeah, ooh

The way you jerk, the way you do the twine
You're too much baby, I wanna make you mine
'Cause after the dance, I'm gonna take you home, it's alright
So don't fight it
Oh baby, feel it, feel it

Now baby don't fight it
Get on up, you gotta feel it, feel it, wooh, come on
Now get on up baby
Uh, hey, that's right

Oh there you sit now baby, all by yourself
Everybody's dancin', they can't help themselves
The music's much too strong, you can't hold out long, alright
So baby don't fight it, get on up
You gotta feel it, feel it

Now baby don't fight it
You gotta feel it, feel it
Now get on up, wooh
Oh, baby don't fight it, 'cause you gotta feel it
