

# High Hopes

Sammy Hagar

Another dream, goes up in smoke  
Huh!

And so fire me up, another toke  
Yeah, I'm commin' on  
I've got master plans, by the dozens  
A-flashin' through my brain, when I get buzzin'

Whoa!  
Suddenly, they're gone  
All that inspiration, runnin' through your head  
Instant stimulation  
Oh, your runnin' on

You got...  
High hopes  
And they're up in smoke

Up all night, tweakin' every detail  
The way I've got it, this could never fail  
Hey! This could be the big one  
High hopes  
Come and go, so high  
But commin' down, fade away and die  
High hopes  
I got them, more than a dream  
They all get wasted  
Yeah!

Ohhh, the inspiration, runnin' through your head  
Instant stimulation  
Your runnin' on  
Oh!  
You got...high hopes  
Your livin' on  
High hopes  
High hopes  
Oh yeah...  
But they're wasted

All that talk, is gettin' nuthin' done  
Ain't it hard to move, when your body's numb  
Put it off, another day

High hopes  
Come and goin' so high  
And commin' down, fade away and die  
High hopes  
They're nuthin' more than a dream  
They all get wasted

Ohhh, the inspiration, runnin' through your head  
Instant stimulation  
They're givin' you  
Oh!...you got  
Welllllll Oh,  
High hopes

Your livin' on  
High hopes  
You got  
High hopes

High hopes  
AAAAAAH! Yeah  
High hopes  
Keep livin' on  
High hopes  
High hopes
