

# Lay Your Hand On Me

Sammy Hagar

I lay my cards across the table  
For all to see  
And I swear, still you are not able  
To lay your hand on me

Behind me I feel like something's movin'  
It's tryin' to hypnotize  
It's so dark, a shadow of a shadow  
There behind blue eyes

Lay your hand on me  
Lay your hand on me  
Lay your hand on me, oh  
Lay your hand on me  
Lay your hand on me  
Lay your hand on me, oh

Lay your hand on me, oh  
Lay your hand on me, yeah  
Lay your hand on me  
Lay your hand on me

I swear I never tried to hurt you  
So come talk to me  
Your face, it's swollen with resentment  
Lay your hand on me
