

Love Has Found Me

Sammy Hagar

I was a boy lost inside a man
Somewhere, someone must need me
Look in the mirror, I see a face
Oh, man things get lonely

You showed me something I can't replace
You came at me from a whole different space
My daddy warned me, mama did too
They said, "Son, see what some lovin' can do"

I guess love has found me
I guess love, I guess love has found me
Wooh, huh

Just yesterday, I swore to myself
I was gonna stay free and easy
Then my head turned around, what I was missin' I found
From my own trap you freed me

Put on the heartbreak, now I've got control
Willpower when she touched my soul
Heart attack, but I'll feel alright
With some more of your intensive care tonight

I guess love has found me
I guess love has found me
Love has found me

Put on the heartbreak, now I've got control
Willpower when she touches my soul
Heart attack, but I'll feel alright
With some more of your intensive care tonight, wooh

I guess love has found me
I guess love, I guess love has found me
Talk, talk, talkin' 'bout love
I guess love has found me
I guess love, I guess love has found me
I guess love
