

## Ten 13

Sammy Hagar

Yeah, I'm about to throw a party  
And everyone's invited  
You can dress the way you want to  
Come on, get what you're here for

Let's celebrate, don't be late  
For this annual celebration  
It's a call across the nation  
Come on, don't be late

Don't worry 'bout mañana  
Just say como se nada  
'Cause time flies by so quickly  
Yet nothing ever changes

Let's celebrate, don't be late  
Well it's a good excuse to party  
Come on, let's get everything started

Happy Birthday to you  
Happy Birthday to you  
It's your first day, now you're brand new  
So Happy Birthday to you
