Anywhere But Here

Sammy Kershaw

Hey mister what time does the next bus leave
I'm a party of one out of Tennessee
I won't be back for a long,long while
Give you eighty five dollars to the highway mile
I ain't got no luggage as you can see
Just a whole lot of heavy memories
I was finally up for just a setting down
When I found out she'd been a fooling around

Ah, you can send me north you can send me south Just don't send me past my house Don't ask me where I'm going cause I don't care I want a ticket that'll take me anywhere but here

Well,I hear it's cold up in Saskatoon But it couldn't be colder then our bedroom The skies are blue down in Alabama But they won't be any bluer then I am

Ah, you can send me north you can send me south Just don't send me past my house Don't ask me where I'm going cause I don't care I want a ticket that'll take me anywhere but here
