

Everybody Wants My Girl

Sammy Kershaw

Everybody wants
Everybody wants my girl
Everybody wants
Everybody wants my girl

If they have me out of the picture
They waste no time trying to get with her
Everybody wants her
Everybody wants my girl

Everybody's wishing
Wishing they had my girl
Call it intuition
They're wishing they could steal my world

Well, I'm afraid when my back is turned
They will say all the right words
Everybody wants her
Everybody wants my girl

Oh, it's a crazy feeling living like this
One look at her and it all makes perfect sense
Perfect sense

Everybody wants her
Everybody wants my girl
Everybody wants her
Everybody wants my girl

I've never been a jealous man
But she's so good looking, you'd understand
Everybody wants her
Everybody wants my girl

Oh yes, they do
Everybody wants her
Everybody wants my girl
Oh, everybody wants her
Everybody wants my girl

Oh whoa, whoa, everybody wants her
Well, everybody wants my girl
Oh yes, they do
Everybody wants her
Everybody wants my girl

Everybody, everybody
Everybody wants my girl
