

# I Can't Think Of Anything But You

Sammy Kershaw

Now that I've looked in your eyes  
Felt your heartbeat next to mine  
I can't think of anything but you

It was only moments that we shared  
And now you're with me everywhere  
I can't think of anything but you

And when I close my eyes  
Your face is all that I see in my mind  
I never knew a touch or a kiss could make me feel like this

I get in bed and close the light  
And hold you in my dreams all night  
I can't think of anything but you

And when I close my eyes  
Your face is all that I see in my mind  
I never knew a touch or a kiss could make me feel like this

I can't wait to see you again  
I don't know how I am gonna hold out till then  
Cause I can't think of anything but  
How much you make my heart sing  
And I can't think of anything but  
Now that I've looked in your eyes  
I can't think of anything but  
Felt your heartbeat next to mine  
I can't think of anything but  
It was only moments... [fade out]
