

## I Saw You Today

Sammy Kershaw

Despite all the distance and time  
And the changes that I have gone through  
You never strayed far from my mind  
And I never stop hoping once more, I'd see you

Then I saw you today, in the backyard at play  
Baby blue eyes, blond hair in the wind  
She's you all over again  
Although you went away, I saw you today

I used to wish on a star  
And I used to send up a prayer  
To Heaven where I know you are  
That some day I'd see you up there or somewhere

Then I saw you today, in the backyard at play  
Baby blue eyes, blond hair in the wind  
She's you all over again  
Although you went away, I saw you, I saw you today
