Sampha

I see you in the dark  
Cause I've been where you are  
You're too scared show me love  
Cause too fresh with the scars  
Well I don't have the answers  
So I won't tell you lies  
You were there when I was down, love  
But you gotta live your own life

She said, I can't let this happen  
No, I can't let this happen again  
I found my love and I  
I don't wanna lose it again

And I, I told you all my secrets, lover  
No, I  
I don't want to have to speak to another, my dear  
And I, I find it hard to fully trust you  
And I  
I'm staring at this multi-colored cluster of lust and love

She said, I can't let this happen  
No, I can't let this happen again  
I found my love and I  
I don't wanna lose it again

And I, I value all that we discover  
We set free, we set free those emotions left uncovered, my dear  
An echo, an echo of our time stands before us  
Her eyes, ears, and her mouth  
She looks just like you my dear

I said I can't let this happen  
I can't let this happen again  
I found my love and I  
I don't wanna lose it again

I said I can't let this happen  
I can't let this happen again  
I found my love and I  
I don't wanna lose it again

No, I don't wanna lose you now (8x)
