## Magic

San Cisco

First time we kissed I had a feeling Now I only get it when I'm dreaming What you say and what you do used to make me wanna be something But now your words to me mean nothing

Is there method to madness I move to you like a magnet

I keep an eye on our planets You retrograde when I'm static Alchemy is what you do when you think you're gonna lose me I'm check-a-checking out I'm freaking out now, about you

Maybe we can be magic Stuck in emotional traffic Is this some kind of magic I'm a sucker for your tricks

Is there method to madness I move to you like a magnet Maybe we can be magic I'm a just a sucker for your tricks

I'm just a sucker for your tricks Is this some kind of magic

Na na na na Na na na na

First time we kissed I had a feeling Now I only get it when I'm dreaming What you say and what you do used to make me wanna be something But now your words to me mean nothing
