

And it's warm
Like a soft kiss
Your someone that I'm gonna miss
Because all of the loving in the world
Well I wouldn't mind loving that girl
No I wouldn't mind loving that girl

'Cause reckless is fun when you're not the one that gets hurt
'Cause reckless is fun when you're not the one that gets hurt

Put all my thoughts into a jar
Hide it away somewhere so far
The thoughts, the things I thought I knew
And you could fit right in there too
You could fit right in there too

'Cause reckless is fun when you're not the one that gets hurt
'Cause reckless is fun when you're not the one that gets hurt

'Cause when your hearts in your mouth
And your guts on the ground
And you've got nothing left from the chest down
And something is nothing 'cause what you had
Was so much, so much better than that

'Cause reckless is fun when you're not the one that gets hurt
'Cause reckless is fun when you're not the one that gets hurt

'Cause when your hearts in your mouth
And your guts on the ground
And you've got nothing left from the chest down
And something is nothing 'cause what you had
Was so much, so much better than that
