

Rocket Ship

San Cisco

I fold a piece of paper
And I put in my pocket
Cause I'm about to board
The world's first rocket
And I need to remember
Where I came from

And I leave it for as long as I can
Until it falls and breaks
And crumbles like sand
And
we all go now

Ooh lalala Ooh lalalalalala
Ooh lalala Ooh lalalalala

Ten nine eight seven six
Five four three two one
The rocket ship went off like a gun
It was nice to know you my good friend
But I might never ever ever see you again
We all go now

Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala

Oh whittle me down to the ground
And maybe one day I'll be found
Yeah, we'll sing it loud and the air is proud
And maybe one day we'll all be found

Singing Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala
Ooh lalala Ooh lalalalala

Woah
