

## Sonsick

San Fermin

I found me a hopeless case, and resolved to love  
Maybe we can find a decent place when I'm old enough  
Found love in an empty gaze, tried to fix it up  
I found me a hopeless case, oh, oh

I'll fall for you soon enough, I've resolve to love  
Now I know it's just another fuck cause I'm old enough  
Sell lies like they're only drugs, here to pick me up  
I'll fall for you soon enough, oh, oh

Oh, don't be scared  
But it's a harder kind of fear  
(Hold on tight)  
You best hold on or else you're in it  
(Clear your mind)  
And when you think you're thinking clearly  
(It's alright)  
You're really tied up and committed  
(Oh I'm just saying)  
But it's an awful lot of talk  
(It's not a fight)  
For a fire that burns too quickly  
(You have to not be scared)  
Why do you want to hurt at all?  
(You're alright)  
For someone's summer kind of sickness

All dressed in my Sunday best, when I solve you, love  
Maybe find a place where we could rest when we're old enough  
We can have a dog and all the rest, we can live it up  
All dressed in our Sunday best, oho, oho

Sonsick at the tee-ball games, I absolve your, love  
Maybe find a place and think of names, when we're old enough  
Make plans and we'll buy new things, try to fix it up  
Sonsick at the tee-ball games, oh, oh

It is a summer kind of sickness  
It is a summer kind of sickness  
Summer kind of sickness

I'll fall for you soon enough  
I've resolved to love
