

# Head In the Fight

Sanctus Real

I don't want to waste my life  
I don't want to waste my time  
You only have a little bit  
And before you know it's gone in the blink of an eye

I don't want to break my stride  
I don't want to fall behind  
And I don't care who's doing what they do  
I'm gonna do what's right

You gotta keep your head in the fight  
You can't give up in the hardest times  
Can't let your spirit die  
If you're gonna survive  
You've gotta keep love in your heart  
A prayer on your tongue  
And just when you think that you've fought enough  
Keep your head in the fight  
If you wanna come out alive

Fight for the Kingdom come  
Fight for the ones you love  
And when you feel weak  
Fight on your knees  
'Cause that's where your strength comes from

You gotta keep your head in the fight  
You can't give up in the hardest times  
Can't let your spirit die  
If you're gonna survive  
You've gotta keep love in your heart  
A prayer on your tongue  
And even if you think that you've already won  
Keep your head in the fight  
'Cause you're gonna come out alive

Tell me, who's gonna stay in the fight  
Who's gonna stand for what's right  
Who's gonna carry the light, carry the light  
I'm gonna stay in the fight  
I'm gonna stand for what's right  
I'm gonna carry the light, carry the light

On the other side
