

# I Need You

Sanctus Real

I believe and I'm willing to stand  
Make a confession that I won't take back  
Let me say it so that everyone hears  
If they're against me I don't care  
A hater's gonna hate their life away  
A lover's gonna hear the truth and be changed  
I don't wanna let my pride in the way  
'Cause I'm just a sinner who needs to be saved

I need You  
This is serious  
I need You more than an experience  
I need You 'cause You're the real thing  
I need You I used to be so curious  
What it would take to feel completed  
Now I know You're all I needed  
I need You

Break it down everybody's the same  
Adam and Eve all over again  
Looking for the reason that we were made  
When all the signs are waving right in front of our face  
I'm not gonna let the moment slip away  
I'm not gonna leave it all to fate  
I'm not gonna make the same mistakes  
Over and over and over again

In a world with too many voices  
Too many choices  
You're what the point is
