

You Love Me

Sandi Patty

Your eyes look around the distant stars
Taking in everything in galaxies so far
Yet on one crowded planet, circling one certain sun
Of the billions here I am only one
Yet you see me, You see me, see me

Your ears taking each day's deafening roar
The screams, the machines, rockets, radios and more
Word of each man and woman, prayers of each boy and girl
Every cry and curse still somehow in this world
You hear me, You hear me, hear me

Before a word is on my tongue,
You've seen it birth within my heart
You even understand my reasons
For You search my deepest parts and
You know me, You know me, know me

That's why Father God I stand amazed
For you know me so well
Yet I'm lavished with Your grace
You forgive all my sin
Even call me Your child
I'm forever yours for I can't deny
You love me! You see me! You hear me! You know me!
You love me, You love me, You love me.
