

Stormy Weather

Sandi Thom

Stormy weather
Raining all the time
Stormy weather
Like the troubles in my mind
I see those gray clouds coming
And I really don't know why

I can't find shelter
Whichever way I turn
There's only dark skies brewing
No matter where I run
Bound to the darkness
Never to see the sun

It keeps on raining
Raining in my heart
That stormy weather
Is tearing me apart

I long for blue skies
That's where I wanna be
Down where the sun keeps on shining
And I feel that ocean breeze
Steal me away from the storm
Come on baby, take me home
Oh, take me home

It keeps on raining
Raining in my heart
That stormy weather
Is tearing me apart

Stormy weather
Keeps raining all the time
That stormy weather
Like the troubles in my mind
I see those gray clouds coming
And I really don't know why
I don't know why

It keeps on raining
Raining in my heart
That stormy weather
Is tearing me apart
