

# Nothing Comes Easy

Sandie Shaw

There are some things that people need  
Someone so badly they will creep  
All I want is someone  
I have him now, it is done  
Nothing comes easy  
Nothing comes easy  
I had a hard time getting him  
And I'm regretting it now

Each place he go there I'll be  
I made his move so carefully  
And all my scheming did work well  
In the end, for me he fell  
Nothing comes easy  
Nothing comes easy  
I had a hard time getting him  
And I'm regretting it now

He was just as I expected  
Nothing last too much  
He gave me everything I asked for  
At the start everything was fine  
I was filled with every touch  
Then one day when I was with him  
I realised that I didn't want him any more

Now he won't leave me alone  
He follows me each place I've gone  
He says he don't want anyone new  
There must be something I can do  
Nothing comes easy  
Nothing comes easy  
I had a hard time getting him  
And I'm regretting it now
