

Drowned In Destiny

Sandra Nasic

I'm sorry I'm not the one you seem to know so good so bad and so good
You're worried enough cause your world was just part of my dream
So tell me now how does it feel since you walked the deadline without a guidance
I'm sorry I'm not to give up and I know you much better where you are now

Read my lips my love will last
I'd like to sweet
This world inside your head

Girl, I've been drowned in destiny
Well I wasn't cherished
I'm happy to say that it's over
It's over yeah
Boy, I've been drowned in destiny
Well I wasn't cherished I'm happy to say that it's over
It's over yeah

I'm sorry you're not the one I thought to know so good so bad and so good
You're worried enough cause your world was just part of my day
So sorry if I was the one who was caught outside in the middle of your night
I'm sorry I'm not to give up and I write this letter with a scar

I'd like to sweet
This world inside your head

Girl, I've been drowned in destiny
Well I wasn't cherished
I'm happy to say that it's over
It's over yeah
Boy, I've been drowned in destiny
Well I wasn't cherished I'm happy to say that it's over
It's over yeah

Girl, I've been drowned in destiny
Well I wasn't cherished
I'm happy to say that it's over
It's over yeah
Boy, I've been drowned in destiny
Well I wasn't cherished I'm happy to say that it's over
It's over yeah
It's over yeah

It's over yeah
It's over yeah
