## Perfume

**Sandra Nasic** 

Before we melt this empathy You gotta breathe the scent of me You say this world is overbored I know, and I don't want to know I'm gonna start from the beginning again Always forever and just back to the end We're gonna sing this song all night long Come on, forever is gone Don't give yourself away Just give yourself to me You, comming through You are my perfume I said you, comming through You are my perfume So shot down I am not that torn Fulfill my sense and commit my soul I know what you burried underneath Things are lost inside your head I wanna get this perfect scent The only thing we really have to atempt is We gotta sing this song all night long I gotta gather creeping under my tounge Don't give yourself away Just give yourself to me You, comming through You are my perfume I said you, comming through You are my perfume Hey, I want to know what you are running from You gotta give yourself and let me score I don't think that you're right up there I wanna push you to another square I'm supposed to lick your wounds Just give it up and I will change your moods I don't know what you leave my soul I just love when you poke me on Don't give yourself away Just give yourself to me You, comming through You are my perfume You, comming through You are my perfume Before we met this empathy You gotta tell me who you could be We've gotta sing this song all night long I wanna, wanna remember your love So I'm fighting let my scent fade away So I'm fighting let my scent fade away
