

## Around My Heart

Sandra

Some time back in '85  
In July  
When the summer was high  
An' we've been alright  
You know what money can't buy

One kiss on a flatbed truck  
A hot rain  
Has completed our luck  
You said  
Words don't mean nothing  
But you will be mine

It goes around my heart  
Hey hey, what a criminal man  
Life will go in circles  
All around my heart  
Hey hey  
It's such a dangerous game  
I'm afraid  
You'd lose your trust in love

Good friend  
In the darkest night  
You feel blind  
But my love is cateyed  
Just follow its light  
You've got to follow the light

Some day you'll be face to face  
And you'll see  
Human nature can't waste  
My love  
Words don't mean nothing  
As long as you're mine

It goes around my heart  
Hey hey, what a criminal man  
Life will go in circles  
All around my heart  
Hey hey  
It's such a dangerous game  
I'm afraid  
You'd lose your trust in love
